SUMMARY

Motivated and detail-oriented IT professional with a strong foundation in **software engineering**, **networking**, and **cybersecurity**. Passionate about building secure, scalable applications and solving real-world problems through clean, efficient code. Experienced in **Python**, **C#**, **web development**, and **MySQL**, with a growing focus on **ethical hacking**, **IoT security**, and **cloud-based solutions**. Eager to contribute to innovative tech environments that demand both creative problem-solving and rigorous system protection.

EDUCATION

Bachelor of Science in Cyber Security

Present

University of Staffordshire

Diploma in Information Technology (DiTEC)

EFOFT Metro Campus

Sep 2023 – march 2024

I completed an individual project that involved creating a learning management system. This system allows students to learn and gives teachers control over student activities and content using C# within the .NET framework.

Ontario Secondary School Diploma

January 2023 -Juli 2023

Wales College secondary school

Foundation

English Certificate Course

BCI Campus

2022

English Certificate Course (Level 2)

GCE. Ordinary Level Examination

2021

ST. Joseph Vaz College

Business & Account Studies	A
Catholicism	B
Sinhala Language & Literature	B
English Language	B
Mathematics	B
Information & Communication Tec.	B
Science	B
